Our Services

MEP Maintenance

Diligent maintenance of mechanical, electrical, and plumbing systems, ensures their smooth operation and optimal performance, essential for sustaining efficiency and productivity levels.

Electrical Works

Expertise in electrical services, offering comprehensive solutions including installation, repair, and ongoing maintenance for residential and commercial properties, prioritizing safety and reliability.

Swimming Pool Maintenance

Specialized pool care services encompassing meticulous cleaning, precise chemical balancing, thorough equipment inspection, and expert repairs, preserving an immaculate swimming environment.

Glass & Aluminum Works

Tailored services for glass and aluminum fixtures, including precise installation, meticulous repair, and seamless replacement, elevating both aesthetics and functionality.

Installation & Maintenance of UPS/Gensets/CCU

Establishment and continuous upkeep of resilient power supply systems, generators, and environmental control units, guaranteeing sustained functionality and operational effectiveness.

Painting Works

Exemplary painting solutions for both interior and exterior surfaces, augmenting property aesthetics while fortifying defenses against deterioration and environmental impact.

A/C Installation & Maintenance

Proficiently executed installation procedures and diligent, scheduled maintenance routines for air conditioning systems, engineered to optimize cooling efficiency and sustain consistently high-performance levels at all times.

Gypsum Partitions/Acoustic Ceiling Works

Masterful installation of gypsum partitions and acoustic ceilings, elevating the visual appeal of spaces while significantly enhancing sound insulation properties for a quieter environment.

Solar Energy Systems Installation

Delivering sustainable energy solutions through professional solar panel installations, we reduce dependence on traditional power sources, leading to lower utility expenses and a greener approach to energy consumption.

We Serve At

Commercial Buildings

We diligently orchestrate the seamless functioning of offices, complexes, and towers, cultivating an environment conducive to the flourishing of businesses, thereby ensuring optimal efficiency and productivity.

Residential Properties

From apartment complexes to gated communities, we deliver inclusive maintenance solutions designed to uphold the security, comfort, and visual allure of residential spaces.

Private Villas

Custom maintenance plans for luxury homes in the UAE. Our goal is to keep your property in top shape, making sure everything works well and feels comfortable for you.

WELLCORE

TECHNICAL SERVICES

Healthcare Facilities

We provide essential maintenance for hospitals, clinics, and medical centers, ensuring clean and safe environments and continuous operations to deliver excellent patient care.

Retail/Shopping Malls

We ensure the attractiveness and functionality of retail areas, offering maintenance services that elevate customer experiences and facilitate business expansion.

Hospitality

From hotels to resorts, we meticulously execute maintenance services, paying close attention to detail to ensure guest satisfaction, prioritize safety measures, and enhance the allure of luxurious accommodations, thereby delivering an unparalleled hospitality experience.
